1) Prepare the legend of the map with the help of the colour-code. Map and mark the different objects in your mapsheet according to their functions and conditions!

Colour legend for the map: Red: services, education

Yellow: industrial, military facility

Black: residential building

Green: Green area

Blue: water

1) Prepare a development plan: how would you change the function and the landuse pattern of the area. Provide a legend and a title for the development plan! Map and mark it in you mapsheet!
2) Summarize why and how you would change the area compared to the present conditions!
