The Liget online challenge

Discover a hidden village in the Hegyhát-region [42 points]

1. After studied the village in Google Street View and maybe on satellite images, try to answer these questions about the physical geographical environment.

1.1. Describe the geomorphological environment defining the village's location and structure! What kind of geomorphological forms can be observed here and what kind of processes have been shaped the landscape?

[6 points – 6-8 sentences required]

1.2. Which are the dominant forms of land use in this village? Name three forms of land utilisation that is common here. [3 points]

1.2.1.	
1.2.2.	
1.2.3.	

1.3. Which conditions of the local physical geographical environment influence the forms of land utilisation? Give three examples! [3 points]

1.3.1.	
1.3.2.	
1.3.3.	

2. Draw a thematic map about the village! **Define and indicate different zones**, according to the combination of some of the following factors: age and appearance of buildings, structure of plots, social status of residents. Take care about minor differences and define 4 to 5 zones on the map. **Prepare the map** in Google Maps, **describe and justify your choices** in few sentences. [16 points]

Paste the link of your map here:

zone 1 – [name, and character]	
zone 2 – [name, and character]	
zone 3 – [name, and character]	
zone 4 – [name, and character]	
zone 5 – [name, and character]	

3. According to the online database, there are not any objects under national heritage protection in this village. Churches are typically the oldest buildings in such settlements, but if we want to keep a piece of everyday life, we must protect residential buildings. Choose one residential house from the village, which according to your opinion representing the best the built heritage of the place.

[4 points]

- 3.1. Paste the screenshot picture about the building here:

- 3.2. Justify shortly your reasons for protecting it as a heritage house (3-5 sentences required).

4. As you may have observed, Liget is a small and isolated community. Name three possible future development projects, which could be successful to improve the life quality of locals. The best answers are realistic and are based on local conditions. Describe each project in 1-2 sentences.

[6 points]

- 4.1.1. Project 1

4.1.2. Project 2

4.1.3. Project 3

4.2. In the middle of the village, there is a large open space currently used as a park. What do you think, is there any way how this area could be more useful for the public? Discuss the possibilities of the usage of this place and argue your choices of development potential! [4 points – 4-6 sentences]

Congratulations, you have finished the task! Remember to upload the file to the assignments and click “turn in”!
